

2024 Community Booster Mentorship - APPLICATION FORM

A new initiative for South Australian emerging burlesque artists!

Industry mentors have come together to provide one lucky emerging artist with hands-on support. Each mentor has a few specialised areas of expertise and has agreed to provide a set number of hours in private consultations. Boost your performances, career development, costuming, makeup, posing, and more!

This is a special opportunity separate from our awards structure. The recipient will be announced on the night of the ceremony. This is a needs-based program with priority to emerging artists who have limited access to the usual creative development resources whether due to finances, disability, or location.

Applications open August 18 and close October 27, 11:59pm (Adelaide local time)

The recipient is determined by our Awards Committee with input from the mentoring team.

Selection criteria (things we consider):

- stage of career
- existing acts/bookings
- mentoring needs vs skills available in this year's mentor team
- extenuating factors (reasons why accessing resources has been difficult for you)
